Welcome

Welcome to the **LiquidSite** demonstration website!!

This is a space for our customers to try out Liquid Site, so the content of these pages will change, depending on who is currently having a go!

It is easy to change simple formatting like **bold** and *italic* text.

There is a system for uploading and using images in the flow of the text.

You can easily add tables:

Liquid Team have several customers using similar systems to this demonstration, including <http://www.medicalalternative.com> and <http://www.hopetoun crescent garden.org.uk/>
